PRESS RELEASE

Hamburg, June 1st 2010

Carlsen publishes „ODESSA TWINS - Sacrifice“ as manga novel

The entry to the undercover fray between Drabbers and Gleamers.

Together with with Carlsen Publishing House, Hamburg's gameforge Twintime breaks the silence about the fantastic world of young superhero Zorana Almaty. What sort of superpowers does she discover on herself, and will she be able learning how to tame them?

Narrative Designer Stefan Bronneke is glad: "With this publication readers are finally be able entering the mysterious phenomenon and later they can carry on playing a personal follow-up within the game. Nice treat."

„It's awesome, Tamasaburo's drawings drag oneself completely into the whirlpool of events. I'm really happy that together with the Carlsen Manga crew we could net her for ODESSA TWINS“ sais pleased CEO Dieter Eichert.

Production coordinator Lars Hodum: "I do understand our privily helpcats very good, who were playing the game-prototype's hidden mystery during development, since they've been craving exactly for those solutions, that Sacrifice promises to reveal."

Publication date of „ODESSA TWINS - Sacrifice“ is Feburary 1st of 2011
